GOLD AND SHIVER.

From the Boston Transcript.

\$300,000. This is not precisely exact, but an approximation near enough to serve for illustration. Gold does not rust, resists attrition, is greatly divisible, and is melted easily transported, has other uses above name at that place: than as money, and consequently is! We learn from the assignees of D. of permanent value independent of B. Immel & Co. that the stock statesibio the Inerative commerce which which we will lay before our readers. interchanges the blessings of Providence from different climes, the productions in different lands of human ingenuity. Its small bulk fits it for RENO LUMBER CO. the largest transactions. The aggregate supposed by experts to exist in the monetary channels of the world thirty five han Irol millions of dollars, and about ean a to that of Great Britain -if in one mass would not Sash, Blinds, Doors, exceed in volume a twenty five foot cube. It is consequently less well adapted for the petty needs of every day life, which involves a much larger aggregate, and number of exchanges demanding coin of more substantial dimensions. For this Providence supplies as with silver. Silver weighs but about half as much as good. The cubic foot weighs

Orders Promptly Filled.

a little more than six hundred pounds, is worth about ten thousand SCREAN DOORS AND WIRE CLOTE. dollars. Its estimated quantity now would be for coin, in weight from sixteen to twenty that of gold, in Pine weet state on to twenty that of gold, in bulk double that proportion, may be state I at a little more than an eighty-foot cabe in volume, and about equal in value to the world's accumulation of gold. Silver from the Spanish mines of America, from 1600 to 1879. mines of America, from 1600 to 1850. accumulated much more rapidly than gold. Gold since 1850 has increased forty per cent; silver not ten. The additions to either in a generation are so insignificant, compared with the accumulated stock, as to constitute a far le s disturbing element of their relative value to each other, or what is of more importance, of their

If the two metals were exactly alike in adaptation for their purpose MANUPACTUBER AND IMPORTER. as money, and accepted as such by the world, and capta in quantity, one would be worth the same as the other. I'rese coinage would with perfect classicity meet the wants of mankind, and standards, self-adapting, hover about the melting pot to in the howels of the earth to some on the bowels of the earth to some on the earth to with the growing demands for trade, and warranting the cost of produc-tion, regulate their yield. But it has been visely ordered, to use an analogy for exemplification, not from any logical convnection, that the principle of antag nism pervading all natural laws in the air we breathe, water we drink, electricity, magnetism, planetary motion, should enter into our measure of values. Silver for small transactions, gold for large, constitute together a standard less BEEF, VEAL subject to fluctuation than either alone, and, if entering freely into the coinage of every nation, would accommodate themselves in quantity accommodate themselves in quantity which will be sold at the lower market rates and relative value to its needs; be Particular pains taken to please customers. Give kept in correspondence with those of meacall. [mr3-tf] GEO. SCHA-KFER. kept in correspondence with those of other lands by commerce, and the elasticities of credit and exchange.

The Tallest . Man In America.

, From the Det M-Mute Advance.)

The papers ar a speaking of a tall man named Thurs ton, who now lives on White Oak Creek, Titus county, Texas. He is seven feet six inches high, standing bare footed. He is a half brother to Dr. Thurston, of Versailles, Mo. h Ir. Thurston went to California som: , years before the war, and his comps oions had a great deal of fun with h im. When they saw a train of wago ns coming meet ing them they won id carefully conthe train came up t hey would manage to introdu e the subject of tall men They would propor to to bet any sum that they had the talest man in the crowd. It so he ppened that the most of Henry's companions were men of medium at sture, and it was not hard to get up a let. When the money would be st aked, they would

He had a brother named Army. Lafayette Thurston, who was also a very tall man; but not so tall by Gold and silver seem ordained by several inches as Henry. Lafayette Providence, working through the Thurston was wounded in the leg at mature of things, for the interchange Jenkins Ferry, and it was found and an advantage of the leg about nature of things, for the interchange of values and moustained of debt. He can be said in the same of debt. He can be said to the foot. He stages of civilization been surperseded by what so much better great many men have. We think for thirty or forty centuries these wound. Colonel Austin M. Stanton, two metals have been in common chief of Gen. Parson's staff, was a man for the colonel and the frequently stood tage of great value in small bulk. straight under Henry Thurston's GROCER It is about twenty times heavier than arm while extended horizontally. PRIDAY JULY 19, 1877.

A CAMPAIGN OVER MEN BATBER TRAN MEASURES.

The campaign in Nevada next year will be fought on men rather than measures. Unless unforeseen events occur there will be but really little difference between the two parties, and the prople will be likely to vote for the best men, regardless of their politcal predilections. It will therefore devolve upon the political conventions to place before the people only those whose honesty, integrity, capability and competency, cannot be questioned. Especially will this be an imperative necessity in the Washington special says Dr. Hayden figures was immense. Suppose suits case of the head of the ticket. No geologist, starts west to morrow in one will pretend to dony that all of charge of a party of distinguished one will pretend to dony that all of charge of a party when the most of one whose these qualities are embodied in the geologists from England who desire due was standing. The taxes extended over a period of eight years. person of Thos. P. Hawley, whom to visit the Territories on an explorwe have named as a suitable man to ing tour. A STEADAN S QUITATIONS.

Attempted Burgiari.

At about 2 e'elock yesterday morn ing three ; sen tried to get into Morris Ash's sa bon, no doubt with a made so much no, what Philip, a stock, most of it being Con. Virginia's clean-up for June. The bullion was worth clean and be satisfied they have a good thing, who sleeps in the building. The bullion was worth clean and over the seaboard during the last year was line, from the piano to the fiddle, etc. got up, and the burglars scampered lion was worth about \$600,000.

have gone through Charlie Chase's Wages is not so much of an object as ment up to the close of 1876, in aid saloon, had not Charlie fell over a chair and scared them away. He home. We are sure this lady would to \$144,000,000 - embracing land was waiting for them and if they had give complete satisfaction. Apply at grants and subsidies to the Pacific got in the back door they would soot! this office. have thought eight or ten men were taking a shot at them.

The Seminary.

ances now indicate that the school will be larger than at any time last year. Those who desire to board in the school building who have not yet secured their rooms should do so Hickok was the husband of Perry's ing. without delay.

ing to name the State ticket. What will he run for. Quien sabe.—Gazette. Rather what will the Smart Aleck run for? Probably the Assembly again-and pretend he don't want it, play the Independents and Demoerats and Republicans, pursue gene- default yesterday, and she will prob-

behind all others.

Surprise Valley.

says the Enterprise, and told us so to the Truckee. much about his present home in en be found. Charley says that the farmers of Surprise expect to harvest! as high as seventy bushels of barley glad of it. For the cause of Sam's and from forty to fifty bushels of exuberant joy cast your eye under wheat to the acre this season. The "The Cradle " cland on which this grows is vorth from \$2 to \$25 per sere. There are some \$00,000 a res of land fit for cultivation in the valley. It is 180 unles northeast of Reno. Its dis- a thorough exploration of the Comtimee from market alone keeps it from being the most attractive spot in the Sierras. In its streams the sulver trout are so plentiful that people do not resort to any of the usual \$20 per share on California and Concontrivances to catch fish; they simply go out with a pitchfork and throw out as many as they need, from a basketful to a wagonload. The hills are full of game, deer, grouse, prame cheekens and other hoice game being found in abundance. Before we would stay in this town of work we would walk to Surtuse Valley, g t a piece of land, a raisting train and a shotgun, and tuin absolute sovereign so long as there was a prairie chicken on land or a trout in the waters there.

the Boy Burglars.

The two boys arrested night before last by Constable Barlow have admitted that they were the guilty parties who robbed Simmons, and Judge Richardson yesterday sen- himself and wife and he took the tenced L. Woodward for 90 days money to get himself out of debt. and Harry Taylor for 65 days. It was through some quiet work of Barlow that Taylor "squealed," and yesterday morning took him to a cabin down the river, and returned a number of stolen articles, including a roll of 3s of Simmons' short bits, a lot of tobacco and candies The boy informed Barlow all about the matter, and when Woodward was confronted with the "swag" he concluded to acknowledge the corn. This Woodward was formerly the messenger boy of the Western Union here, which position he held for some months. The other boy is a bootblack from below.

Destructive Fire.

On Tuesday last a fire occurred in Winnemucca, which destroyed over \$30,000 worth of property. Among the buildings destroyed we notice John Cox, formerly of the firm of Peers & Cox, Reno, lost his saloon and fixtures.

Sprained an takle.

Postmaster Jamison srained his left ankle pretty badly last evening. He was going down into the cellar, slipped and fell to the bottom of the

For an thing usually found in a first-class drug store, at a living margin-iss than ever offered in Reno-call on Hoole & Co.

In the ordinary course of domestic economy, as well as the daily transactions in "life," the great question is to seenre the most for the least money. This problem has been effectually solved by the clothing house of John & Isaacs. This leading firm since their arrival, have, by selling fist-class goods, and no prices, created a revolution in the trade of Lino. The continuance to sell their goods lower than any other house is the "master motive" of the appreciation of their efforts by the fitted up the finest bath home and public. The goods are now "marked | barner shop in the State. out," and all can see.

THE success of Osburn & Shoemaker is due to careful attention to their legitimate business and fair dealing with was no other way of getting their those who favor them with their cusrights have started on the war path, tom. Assertions are cheap, don't and are falling on the white settlers cost a cent, not even reputation in the Masonic and Odd Fellows' Hall, wherever they can find them. This some cases; facts alone are incontrotribe is represented to be of superior vertable. O. and S. pay no percentintelligence, bravery and physical age on prescriptions to physicians; development. They will be apt to compound them carefully and charge give our troops much trouble, as the a fair, legitimate profit, which is a territory they possess is difficult of large percentage cheaper than can be
